

Brain Building Menu!

Complete different challenges from the menu below.

There are different points available for completing each challenge (extra mild = 2; mild/medium = 3; hot = 4; extra hot = 5). Each week, the number of points you win can be exchanged for a prize.

Design and make your own board game and then play it with your family. Remember to make a set of rules.	Read a book and then create a video review of it.	Write a story about a hero for the national story competition.	Complete at least half of the 'Camelot' puzzles.
Complete 5 puzzle pages.	Design a new chocolate bar, including a list of ingredients, the packaging, the name and the price.	Read and complete the puzzle book.	Design a magazine or newsletter article about what you did over the Easter holiday. Think carefully about the layout and design.
Create a 12-question quiz appropriate for your siblings and then run the quiz.	Play on the Squeebles app for 30 minutes.	Complete 3 logic puzzles.	Use Mathletics for 30 minutes.
Research and write down 5 facts about chocolate.	Draw a picture of your favourite animal.	Write an a-z of animals.	How many words can you make from the word 'spectacular'? Try and find more than 20.
